Matthew Topping.
Programmer & Marketer

0458 687 171 | toppingmatthew@outlook.com | North Lakes, QLD 4509 | matttopping.com

Profile

I am a 21-year-old 2019 graduate that is excited to apply my newly honed I.T. & Business skills in my professional career & see the difference it can make in the market. My enjoyment when working with people sees me thrive in a team environment, delivering clear high-quality work.

I am experienced in both front-end & back-end languages including HTML, CSS, PHP, C#, Java, Python, C & MySQL. This knowledge obtained through work & university, combined with my strong ability & willingness to learn, makes me a versatile & adaptable programmer & business employee.

Skills & Attributes

Professional

- Solid understanding of a wide range of programming concepts & their applications, especially in object orientated programming & dynamic web languages.
- Strong understanding of logical problems behind programming tasks. This allows me to be both confident & effective in debugging.
- Consistent user of coding conventions.
- Critical thinker, allowing analysis of programming & business problems & the development of effective solutions.
- Dedicated to the complete the entirety of a task up to the required standards.
- Effective communicator in team environments & when reaching out for help.
- Wide understanding of business concepts.
- Grasps & precisely executes client goals by drawing from marketing consumer behaviour theory & agile methodology.

Personal

- Videography & photography. Proficient in Adobe's Premier Pro, Lightroom & Photoshop.

Education

- *Bachelor* of Information Technology (Computer Science) with Distinction & *Bachelor* of Business (Marketing) completed Semester 2 2019 at QUT

Experience

Services Australia (2019)

- A year long work experience as a part of the capstone units at QUT. Client brief included prototyping work on a UX/UI problem for the Newstart Allowance online claim process in an agile development environment.
- This project cemented professional communication skills, the application of I.T. theory, working in a team & working to a client's brief.

Ray White Narangba (2014 - Current)

- Part time employment with sole responsibility for weekend opening/closing of real estate sales & rental office. Reception & administration duties consisting of front of house liaison with clients, telephone queries/bookings, contract preparation & rental application processing (including reference checking/verification).
- Overall this position has been instrumental in helping grow my skills in customer relations as well as solidifying responsibility & motivation at work. Furthermore it has developed my intuition to solve problems independently.

Price My House Brisbane (2019 - Current)

- Bespoke freelance project for Priority Residential creating an online appraisal lead generation platform for real estate sales.
- Available at www.pricemyhousebrisbane.com.au
- By hosting a dynamic web application & the releasing a basic Google Adword campaign, the PMHB project has applied my university skills in a real-world scenario, expanding the understanding of their use in the workplace.
